LASIK Advantage

Your eye care plan includes a feature called LASIK Advantage which provides benefits for LASIK and related procedures, including standard LASIK, custom LASIK, LASIK with Wavefront Technology, CustomVue LASIK, LASIK with IntraLase technology and Photorefractive Keratectomy (PRK).

As a participant in the dental plan you earn a lifetime LASIK benefit per eye over time. The benefit amount increases over a four year period, with the highest benefit provided in year four. Benefits are earned for each eye.

If you and/or your eligible dependents are late entrants as described above, you and/or your eligible dependents must wait 6 months from enrollment to be eligible for LASIK coverage; after 6 months the LASIK benefit starts at the year one amount. The LASIK Advantage benefit is available to participants age 18 and older.

This benefit offers choice! Any specialist can be chosen, as there is no network tied to this coverage.
